Subject: White's Point Quarry

Barry / Jim,

It's all coming back to me now.....

Just chatting with Bill about this and he jogged my memory that the Agency had agreed to lead the federal coordination. To this point we have not received anything besides the NWPA application. At the meeting, I recall the proponent was advised to submit a draft project description to CEAA to get things rolling, and was provided with a copy of Agency guidance re: content of a CEAA project description.

The ball therefore is in the proponent's court.

Derek McDonald
