Mr. Chapman,

Could you please have your colleague Jean Crepault send us his Email.

Thank You

Mr. Chapman, we sent this message earlier, but received a spam report back, so we will send it again. Thanks

Mr. Chapman.

We would like to know if the Memorandum of understanding has been signed yet, if the scoping document is finished and ready to be sent, and if the review panel has been appointed.

We are getting very concerned by the constant delays and lack of communication. Could you give us this requested information today.

Thanks
