Attention: Dr. Robert Fournier, Chair

Dear Dr. Fournier:

Re Submittal of EIS

Further to my letter of April 24th, 2005, in which I provided a preliminary estimate of the time required to complete the EIS, I can now advise that we will submit the document between November 30th and December 15th, 2005.

I apologize for not submitting this update on August 1st, as noted in my letter, but it was not possible to be more specific until now.

Respectfully submitted,

Paul Buxton, P.Eng.
Project Manager
