Josephine

My copies were just dropped off - thank you. I have loaded everything onto the Panel's Web site and am ready to go live with it as soon as the news release is issued.

Debra

Hi Debra,

Due to an error with the printer's shipper, your package will arrive today (Feb 12/07) instead of Friday, Feb 9 as scheduled. Everyone else received their packages on Friday, we even went so far as to hand-deliver the ones on Digby Neck and Islands.

Please let me know when you receive your package.

Thanks
Josephine

Josephine

The Panel will be issuing a News Release announcing receipt of Bilcon's response to comments on the EIS document once we have confirmed that the Panel and the public registry sites have received their copies and the files are ready for posting on the Panel's Web site. I am ccing Debbie Hendriksen on this Email--Debbie will Email you a copy of the News Release once it has been issued.

Also, FYI - I haven't received my copy of the document/CD yet.

Debra Myles

Subject: Re: Missing electronic files

Hi Debra,

Here are the missing files. There should have been a CD with every set of 4 binders. I will look into why they were not sent and get back to you on that.

Thanks
Josephine

Josephine

I received my copies of the response documents this morning. I believe the problem was with the courier and not Wade. I have not yet checked all the files myself but one of the other recipients has noted that he couldn't find Sections 9.3.4 (Transportation), 9.3.5 (Economy) and 9.3.6 (Human Health and Wellness and Socio-Cultural Environment) from Volume III in the files that I posted to the Panel's Web site. These files are not on my CD either. Could you please send them as soon as possible for the Panel's use and for posting to the Web site.

Also, the recipient mentioned above did not find a CD in his shipment. Were CDs not sent with each delivery? Please call me if any of this is unclear--I would like to get these additional files posted today, if possible.

Thanks,

Debra Myles
