

Questions for Debra

- 1. According to the EIS the Mi'kmaq sent a document to the Secretariat in January 2006. Panel members do not recall receiving that document at the time, although it is now included in the EIS documents. We are curious to know if any other documents might have suffered the same fate?**
- 2. Have the two court cases associated with this project, namely, the accusation of slander and small independently owned plot embedded within the project site been resolved?**
- 3. Have any inquiries been made regarding the Amboy Aggregates Quarry in New Brunswick? We are interested in learning about their environmental record, especially since Clayton Concrete Blocks and Sand is a minority owner? Perhaps local communities or municipalities could be queried?**
- 4. We require an independent opinion regarding the issue of NAFTA. We are concerned about the application of any aspect of NAFTA to this project. In addition, does NAFTA have anything to say about royalties?**
