I am writing to you concerning the Quarry at Whites Cove in the Digby Neck area. I am very concerned that this quarry will not be opening and I am hoping to change your mind. Many people need Bilcon to open it's doors, they are going to give much needed jobs to the locals. My husband is going to work for Bilcon and we NEED this job!! He is the soul provider for our family and I am a stay at home mom with two children. If the quarry isn't allowed to open, what will we do then? We have talked a lot lately about him going out west to work but unfortunately the shortest period of time away is two months! Separating families for the sake of a "FEW" LOCAL stop the quarry people isn't worth it for any family! A lot of people who are against the quarry are either tourists, out of state residents or FEW local residents with well to do financially stable jobs. Some Digby residents are still afraid to speak up because they were verbally threatened, have had vehicles damaged, etc. I don't think this is right at all! We need a type of voting to take place where ALL Digby residents can come to vote without putting their names and have these votes counted. I am absolutley sure that MORE residents are for this quarry than against. At least give the REAL TRUE residents of Digby Neck their voice back!

**CAST A VOTE TO SUPPORT THE QUARRY!
SAY YES, WELCOME BILCON!!!!**
