Call Received Call Made Meeting Other _____

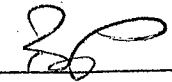

- reviewed Trunk quarry file

- has no concerns with fish or fish habitat re either blasting impacts or runoff / suspended solids.

- is 1/2 mile away from nearest water, plenty of room for blasting or to deal with runoff

- will be able to get a written response on Monday but this is his assessment

- I told him of reason for sending file to him + that there were concerns re blasting impacts on marine mammals at Nova shore.
