Subject: Re: Bilcon Revised Project Description submission

Jill,

It seems pointless to meet if we do not have the document. Thursday is almost certainly too soon as well. I would suggest that we look to 5 December as the next reasonable date, assuming others can make it. (I think we pencilled it in along with the 7th.)

If there is no reaction to this suggestion we can begin thinking about this date and re- visit it near the end of the week.
Bob

All

Bilcon has assured me that the revised description will be sent by Email on Tuesday (Nov. 28th). The document will be about 100 pages long and should be in a PDF file of manageable size. We will arrange to have colour copies printed and delivered to the Panel Members.

Further information on document distribution and availability will follow FYI.
