Dear Minister:

I attach a letter from Mr. John Crump, Executive Director of the Canadian Arctic Resources Committee. He is requesting that the Diavik Diamonds Project be referred to a panel review under the Canadian Environmental Assessment Act.

Knowing your commitment to the environment, I am sure you will want to ascertain that this project operates in an environmentally safe manner.

I look forward to your reply.

With kindest regards.

Yours sincerely,

Dennis Mills, M.P.,  
Broadview-Greenwood.

c.c. Mr. John Crump
