Good afternoon everyone,

I just wanted to touch base with you on the Belleoram Crushed Granite Rock Quarry, Belleoram, NL, proposed by Continental Stone Limited. The proponent has registered the project with the province - details may be found at:

<http://www.env.gov.nl.ca/env/Env/EA%202001/Project%20Info/1247.htm>.

I am planning to send out the FCR notification unless anyone else has already done so. Please note that I will be recommending a short response time of less than three weeks. If you are not able to respond within that timeframe please let me know when you receive the FCR notification. I will be the Agency contact for this project so feel free to contact me if you have any questions.

Claire, the proponent indicates in the provincial registration document that an application for funding will be made to ACOA for some components of the project - this is why I am including you on my list of contacts.

Best regards,  
Vanessa
