Thanks Danielle. Because WPQ falls under the provisions of the old Act there were some special considerations that we needed to think through.

I spoke with Stuart Dean from DFO (see attached e-mail) this morning and DFO has asked us to proceed posting the notices (French and English) in the project file component of the WPQ website ([http://www.ceaa-acee.gc.ca/010/0001/0001/0023/registry\\_e.htm](http://www.ceaa-acee.gc.ca/010/0001/0001/0023/registry_e.htm)).

Simon, can you work with Craig to get the notices posted today using the requested date of December 17, 2007.

Also can you see that the "Whites Point Quarry and Marine Terminal Project" is moved from the "current" review panels section to "completed" as the notices have been posted.

I received documents from Simon Lemay, which state the Minister rejected the Whites Point Quarry project.

Is this project now considered Complete? Cancelled?
