Subject: I support the Bilcon Quarry Project

Hello

I would like to let you know that I am in support of the proposed Whites Point Quarry project. I live in Tiverton on Long Island, NS. I do not feel this will affect the tourism in this area because the quarry won't even be visible from Highway 217, the only road that comes down Digby Neck.

We are in need full time jobs in the area.

Thank you
Doreen Freeman
