Subject: Where DO you stand, MLA Balser?
Auto forwarded by a Rule

MLA Balser:

I haven't written to you for quite a while in order to be fair and give you time to show some, any concern about the interests and desires of a large portion of your constituency--the people who will be the most impacted by the proposed mega-quarry at White's Cove on Digby Neck.

I am sorry to see that, to date, I have seen ABSOLUTELY NO HELP, CONCERN OR EVEN SIGN THAT YOU CARE AT ALL ABOUT US.

So now, I have just two questions for you to answer, and I would appreciate answers that are clear and concise and **honest**.

Question 1: Just where do the wishes and desires of the people of Digby Neck stand in your list of priorities? (Remember, we were here with our complaints and position on the quarry **BEFORE** you were given your new Government position.)

Question 2: What, if anything, have you done to help us? Please be very specific. (We know much of what you have done to help the proponents of the quarry even to the point of personally escorting them around the area.)

Please answer as soon as possible because I believe your time as MLA will be ending soon.

Sincerely,

2003/03/10

Eugenie O. Wilkins
Sandy Cove
