Hello,

I wanted to let you know that I received the responses to the questions sent to PWGSC concerning the Tiverton file (TODAY!!). I have attached them and will be calling upon you next week concerning next steps. In addition, here is the email that accompanied the responses:

Hi Tammy,

I have completed answers to your questions relating to the Draft CEAA Screening Report (provided to DFO-Habitat on September 9).

I will begin preparing the Final CEAA Screening Report and I plan to have that to you by the end of next week (along with a blasting plan). I will most likely revise Tables 1-5 incorporating suggested changes that you provided for the West Berlin Breakwater Repairs Draft CEAA Screening.

I will also be forwarding in the mail today:

- the revised plan (Figure 4) and section/details (Figure 5)
- scaled drawing of the proposed construction area (including the East Ferry side of Petit Passage)
- original copy of Letter of Intent (signed)
