Dear

**RE: Approval to Construct and Operate a Quarry at Tiverton
Approval No. 2003-032388**

Thank you for your prompt attention to address the erosion of the road leading to the quarry site at Tiverton.

I am writing to remind you that you are required to submit a copy of the survey plan for the Tiverton quarry according to the Terms and Conditions of your Approval.

Reference item 3p on page 5 of the Approval document which states:

The proponent shall retain a licenced surveyor to survey and delineate the exact location, corners and boundaries of the active area and forward this information to the Department. The survey must also exhibit all applicable separation distances for quarry operations. This shall be completed no later than 60 days following the issuance of this approval.

Since this time frame has now passed, your immediate attention to this matter is necessary.

If you have any specific questions regarding your quarry approval, please contact me at 742-8985.

Sincerely,

Jacqueline Cook
Inspector Specialist
