No concerns. I spoke with Ginny, she is going to talk with the DM and one of them will call Nancy and confirm our agreement with the province on the decision on the Panel Report.

Mark - I just received this from Carl - it is the proposed press release. I'm not sure what to say, it depends on what the suggested response by Cabinet is. Have you and Ginny discussed?

NEWS RELEASE

THE GOVERNMENT OF CANADA ACCEPTS THE CONCLUSIONS OF THE JOINT ENVIRONMENTAL ASSESSMENT PANEL FOR THE PROPOSED WHITES POINT PROJECT

OTTAWA-- Today, the Government of Canada announced that it is supportive of the joint environmental assessment panel on the proposed Whites Point Quarry and Marine Terminal Project's conclusions.

"The Government of Canada will not be moving forward with any authorizations as the proposed project is likely to cause adverse environmental effects that cannot be justified under the circumstances," said the Honourable Loyola Hearn, Minister of Fisheries and Oceans.

The Joint Review Panel was mandated by the federal and provincial ministers in November 2004 to assess the environmental effects of the proposed project.

The Government of Canada supports with the joint review panel's October 2007 findings that the burden of this project outweighs the benefits and it is not in the public interest to proceed.

27/07/2009

Fisheries and Oceans Canada and Transport Canada were the lead federal departments for the Government of Canada response.

“Transport Canada Canon??

The Joint Panel conducted public hearings from June 16 to 30, 2007 in Digby, NS to allow individuals and groups to present their concerns.
