What We Do

Martin Marietta Materials Canada Ltd—a *company you can rely on!*

We are suppliers of all sizes of crushed granite from sand to armourstone. Our deepwater ice-free marine terminal located at the Strait of Canso is capable of handling bulk carrier vessels up to 70,000-ton capacity.

We ship locally and to PEI, the Eastern Seaboard, the Gulf Coast states and the Caribbean.

Porcupine Mountain is an expansive formation of high-quality durable granite well suited for the use in asphalt and concrete mixes.

We are suppliers of all sizes of crushed granite, from sand- to armourstone. For our services in fine and coarse aggregates and granular and drainage materials, contact us today.

Hours of Operation
