Steve:

Sounds reasonable to me. Of course Derek will continue to work on the file with HQ lead taking full effect on receipt of the referral letter.

Bill

Bill/Steve:

Given that we expect to get a referral letter from DFO in the next 10 days for Whites Point Quarry, I believe it is time to make the natural progression from regional lead to HQ lead on the file. This would include the preparation of briefing materials, communications, etc.

Any misgivings?

-Steve
