RE: Application for Approval to Operate a quarry, Little River, Digby County

Mr. Conway:

As per our conversation earlier today, enclosed is a copy of the application for approval our office received to operate a quarry in Little River, Digby County.

Although the proponent would be responsible to apply for approvals with all applicable government organizations, ie DFO, DNR, DOT, etc, could you comment on this matter? Are there any other people we should contact within your department regarding this application?

If you have any additional questions, don't hesitate to contact me.

Thank you for your time.

Yours truly,

Brad Langille
Inspector Specialist
