Jean:

Attached is John Amirault's CV. John is bright and has a wealth of experience ... he may be too much in favour of industry. Years ago there was a similar proposal on Digby Neck, I think John was a consultant to the proponent. Anyway, John's CV is here for your review.

I am also attaching a CV for Anne Fouillard. She is a consultant (works on her own). She had expressed interest in the Lower Churchill Panel if it ever gets established. Impressive credentials.

Cheers, Bill

Bill, thank you for your assistance. Have you or will you check with the other two names you had provided to Bruce sometime last summer, Amirault and Muecke? Jean

Jean:

I spoke with Bob Fournier yesterday and he stated he is interested in considering, and being considered for a position on the WPQ panel.

Bob's CV is attached.

Bill

Hi Bill,

Yes, it was good to have a chance to chat again. I especially enjoyed hearing about the various things that are underway in the oil and gas sector. Although I am not actively involved I try to keep informed and yesterday went a long way to doing that.

I am attaching, as requested, a copy of my CV which was revised in July 2003.
Bob

Bob:

It was good to speak with you briefly yesterday at the Workshop. I am pleased that you are interested in being considered for the federal - provincial environmental assessment panel for the proposed quarry.

Could you please provide me with a copy of your CV ... the one we have on file is somewhat dated. When I receive your CV I will forward it to HQ for consideration in identifying candidate for the panel.

Thanks,

Bill Coulter
