Subject: RE: Whites Point Quarry - Panel Candidates

Thanks Bill. We are now trying to finalize the agreement with Nova Scotia. Once we have that completed, we will have a better idea on timing and next steps including the timing and process for panel appointments.

Bruce.

Subject: Whites Point Quarry - Panel Candidates

Bruce & Paul:

I have been approached by two people interested in panel membership or consideration as experts related to the environmental assessment of the proposed White's Point Quarry..

Gunter Muecke is a geologist at Dalhousie University. Gunter was a member of the federal - provincial Kelly's Mountain panel. As a member of that Panel he travelled to Scotland to visit a coastal quarry and speak with community members and fishermen in the area. He will be dropping off his CV later today. I will forward it later today or tomorrow.

John Amirault is a Mining Engineer who has been involved in the mining industry in Nova Scotia for many years as a regulator and a consultant. John was Director of the Mines Division of the Nova Scotia Department of Mines in the '70's and 80's. He then joined Jacques Whitford as Vice-President of Mining and has since gone on his own as a consultant. John will be providing a detailed CV which I will forward on receipt. A brief profile is attached.
