Hi Uwe,

I am working on getting the copper questions together as well as compiling the discussions on copper from the EIS. Paul and I will have a look at everything tomorrow morning, then I will send everything along to you.

Paul and I feel a great deal more comfortable with the entire process now that AMEC is on board for guidance.
Thanks!
Josephine

Dear Paul and Josephine:

I have identified two eco-toxicologists within AMEC (Ottawa and New Jersey offices) who are available to look into the "copper issue" and to conduct a risk assessment, if need be. Please forward the specifically copper related questions. I will relay the information and identify the expert best suited for the task.

Uwe
