Subject: FW: Tender results for Tiverton Breakwater (# 308017)

Claude/Benson:

Request your authority to award this contract to the low bidder in accordance with the current SSA that was signed between both parties which shows the scope of work, funding split between fiscal years and associated engineering, inspection, disbursement, and consultant costs.

Thus, the funds are in place by SSA and we need your email reply to award.

Regards
Jerome Mac Gillivray
