**Subject:** Nova Stone Exporters (Digby quarry)

Faith:  
We met with Nova Stone Exporters representatives this morning.  
DFO attendees: Ross, Jollymore, Henderson, Keizer, Wheaton, Surette, Lane (NWPAs).

The proponents about 2-2.5 months away from being able to approach NWPAs.

**Items discussed:**

- What is required of the proponents with respect to the blasting in terms of the blasting guidelines
- procedure for dealing with review of small streams found on the property; who makes HADD call, authorization requirements, etc.
- review process requirements (NWPAs, Fisheries Act, CEAA) for the marine terminal

**Other points discussed:**

- Proponent made aware that we take public consultation very seriously
- Proponent made aware that the entire project both on land and marine including shipping, etc. would be included in scope of any CEAA assessment.
