Hi Debra,

Here are the missing files. There should have been a CD with every set of 4 binders. I will look into why they were not sent and get back to you on that.

Thanks
Josephine

Josephine

I received my copies of the response documents this morning. I believe the problem was with the courier and not Wade.

I have not yet checked all the files myself but one of the other recipients has noted that he couldn't find Sections 9.3.4 (Transportation), 9.3.5 (Economy) and 9.3.6 (Human Health and Wellness and Socio-Cultural Environment) from Volume III in the files that I posted to the Panel's Web site. These files are not on my CD either. Could you please send them as soon as possible for the Panel's use and for posting to the Web site.

Also, the recipient mentioned above did not find a CD in his shipment. Were CDs not sent with each delivery?

Please call me if any of this is unclear--I would like to get these additional files posted today, if possible.

Thanks,

Debra Myles
