Notes: Dennis, This is a follow-up to my conversation, and Brian Jollymore's, with you re. Digby Quarry Blasting Plan. Please find attached ① Blasting Plan ② iBoF Atlantic Salmon proximity & habitat preference - from Peter Amiro. Science Branch, ③ & ④ the iblast results we ran for A. Salmon post smolt size fish. Would you please look at the results. Are we too conservative? If so, do you have recommendations?

Thank you
Phil Zamora.
