Do you have any comments for us? also, when would be a good time to send this letter to the proponent?

Thanks

Comment:

Dear Mr. Buxton:

**RE: Whites Point 3.9 Hectare Quarry Blasting Plan**

Thank you for your letter of July 21, 2003 in which you asked for details of the calculations with respect to set back distances for blasting to protect iBoF Atlantic salmon.

As you are aware, the Whites Point Quarry and Marine Terminal project has been referred to a review panel in accordance with section 29 of the *Canadian Environmental Assessment Act*. This project will be reviewed by a joint review panel that will be established by the Canadian Environmental Assessment Agency and Nova Scotia Department of Environment and Labour. Therefore, any comments by Department of Fisheries and Oceans related to the 3.9 hectare quarry Blasting Plan are not appropriate at this time. Your correspondence will be forwarded to the Canadian Environmental Assessment Agency.

Sincerely

Phil Zamora
